Smart Irrigation Controller Rebate Program

Zone 7 Water Agency (Zone 7) and your local water retailer (City of Livermore, City of Pleasanton, or Dublin San Ramon Services District)—collectively "Agencies"—are offering rebates for you to replace existing conventional controllers with new smart irrigation controllers. Smart controllers help reduce water usage by self-adjusting irrigation based on local weather data and/or soil moisture readings. Smart irrigation controllers are easy to install and can help you reduce both water use and the hassle of adjusting your controller.

IMPORTANT: PLEASE READ ALL TERMS AND CONDITIONS BEFORE SUBMITTING YOUR APPLICATION.

Account Information

Name on Water Account (Last, First) | Water Account Number(s)

Name of Applicant if different than Water Account (Last, First)

Installation Address | City | Zip Code

Livermore, CA 94551

Program Terms and Conditions

Eligibility: To be eligible for a rebate of 50% of the cost—up to $125 for residences and up to $3,000 for commercial sites (including industrial, institutional, and HOA common areas), you must be a water customer of City of Livermore, City of Pleasanton, or Dublin San Ramon Services District with an active account in good standing. (If you are a Cal Water customer, visit www.calwater.com for information regarding available rebates.) Single Family, Multi-Family, Commercial, Industrial and Institutional customers are all eligible.

The application (including all supporting documents) must be submitted within 60 days of purchase. Incomplete applications are not eligible for the rebate. Late applications will not be accepted. Agencies may deny any application that does not fully meet the rebate requirements. Rebates are processed on a first-come, first-served basis and will only be processed until funds are depleted. Zone 7 typically confirms receipt of a rebate application within 1 week of receipt. Agencies shall have full and sole discretion in all regards related to the rebate and are under no obligation to approve any rebate. Any decision of the Zone 7 General Manager, or their designee, regarding a rebate shall be final.

Rebate Processing: This rebate is issued as credit on your water bill from your local water service provider. It can take up to 3 months to receive a rebate credit to your water account. If an application is selected for an onsite inspection, additional processing time may be needed.

Rebate Specifics:

- You must be "replacing" an existing conventional controller.
- Conversion to smart irrigation controllers may happen in multiple phases/applications up to the maximum rebate amount for a site.
- Applicant must select, purchase, and install a smart irrigation controller from the EPA WaterSense Weather-Based Irrigation Controller List of approved controllers (website: https://lookforwatersense.epa.gov/Product-Search-Results-IrrigationController.html).
- Installation must be complete before applying for rebate. You must provide a picture of the installed controller and a Screenshot(s) of the controller settings.
- Rebate application must be postmarked or emailed to Zone 7 within 60 days of purchase date.
- Controller must remain on-site for a minimum of two (2) years.
- Sales tax, installation, programming costs, and other fees are not rebated.

Release of Liability:

I, the undersigned, understand that this is a limited, first-come/first-served, one-time program, that rebates are given only for projects for which applications are approved and that ZONE 7 is entitled to deny any application that does not meet program requirements. I have voluntarily determined to participate in ZONE 7's Smart Irrigation Controller Program. I agree that ZONE 7 may visit the premises and verify existing conditions and that the installation has been performed. By virtue of these inspections, I understand that ZONE 7 makes no determination with respect to whether materials and equipment are free of defects, the quality of the workmanship, or the suitability of the premises, materials or equipment for the installation. I also understand that the installation of a Smart Irrigation Controller may not result in lower water bills. If this Application is approved by ZONE 7 and the work proceeds, I agree to defend, indemnify and hold harmless ZONE 7, its directors, officers, agents and employees against any and all loss, liability, expense, claims, suits and damages, including attorneys' fees, arising out of or resulting from the installation of a Smart Irrigation Controller. I authorize my water retailer to make water consumption data available to Zone 7 for the purpose of measuring the success of these programs in conserving water. I agree to a pre- and/or post-installation inspection, upon request.

By signing this form, I agree that I have read, understand, and agree to the terms and conditions of this rebate program.
