ACKNOWLEDGEMENT

Proposer acknowledges that under the Zone 7 Conflict of Interest Policy for Design-Build Projects, it is the sole responsibility of proposers and the contracted design-build entity to avoid any conflict of interest under existing laws and regulations. Proposers likewise have an ongoing responsibility to disclose any conflicts of interest to the Agency, and to take appropriate action to address those conflicts, in communication with the Agency and consistent with relevant legal requirements.

Proposer has reviewed the Zone 7 Conflict of Interest Policy for Design-Build Projects and the relevant bid materials, and is not aware of any conflict of interest that would bar Proposer's participation from the subject contract under the Policy and existing law. To the extent that Proposer identifies such a conflict or potential conflict, Proposer will take prompt action to notify the Agency and take appropriate actions to address that conflict or potential conflict.
